

“Lincolnshire is fast becoming one of the investment hot-spots of the UK, offering a wealth of investment and development opportunities.”

RUTH CARVER, CHIEF EXECUTIVE  
GREATER LINCOLNSHIRE  
LOCAL ENTERPRISE PARTNERSHIP

“The Department for International Trade is responsible for promoting UK trade across the world and encouraging inward investment.”

THE DEPARTMENT FOR  
INTERNATIONAL TRADE

## HOW WE SUPPORT BUSINESSES:

Our toolkit includes international, national, regional and local advice and information. You will be assigned a designated account manager who will visit you and talk you through the support we have on offer which includes access to:

- > DIT and Greater Lincolnshire LEP sector specialists
- > DIT post located in the embassy of your parent company's country
- > Senior officers and councillors representing Greater Lincolnshire
- > Experts on R&D
- > Exporting advice and support
- > Skills and recruitment support
- > Supply chain information
- > Advice and guidance on visa and immigration issues
- > Finance / Funding / Tax incentives
- > Energy efficiency advice
- > Business Lincolnshire Growth Hub support subject to eligibility
- > Support with expansions
- > A tailor made soft-landing package for new inward investments into Greater Lincolnshire
- > Pre-planning application advice and support
- > Relevant events / training information / networking opportunities
- > Latest information from the Greater Lincolnshire LEP and Business Lincolnshire
- > Market intelligence
- > Access to the Team Lincolnshire Ambassador Programme

Through our pro-active account management programme we have built up good relationships with over 100 internationally-owned businesses in Greater Lincolnshire and have helped them with expansions, relocations, up-skilling their workforce, R&D opportunities and investments into new markets to name but a few.

Greater Lincolnshire is one of the few areas to have bucked the UK trend and has witnessed a growth in the number of projects during the last year. Investments in Greater Lincolnshire by foreign companies more than tripled in 2018/19 and created almost 400 new jobs. Many of these investments were assisted by the Greater Lincolnshire LEP's Investment Team.

Working closely with the Department for International Trade (DIT) and local authority partners, we support all foreign-owned businesses that are already located in Greater Lincolnshire to help them grow and also any that wish to relocate to our region from overseas or elsewhere in the UK.

If you work in a foreign-owned business and would like to hear more about what the Greater Lincolnshire LEP's Investment Team can offer your business, please get in touch:
