Alford Craft Market

Founded in 1974, Alford Craft Market promotes quality Lincolnshire arts and crafts through events, classes, its shop and its gallery. The regular events at Alford Corn Exchange and Alford Manor House are always popular, while 35 different makers sell their work in the shop and the craft centre offers a wide range of craft workshops.

www.alfordcraftmarket.co.uk

Allen Signs

Allen Signs provides a complete sign, display and vehicle livery solution from concept and design through to final installation and maintenance. The company's vast range of products and experience benefits businesses by ensuring that brands are translated into places and spaces with the aim of growing business exposure.

www.allen-signs.co.uk

Amanda Coleman Jewellery

The British Museum, English Heritage and Kew Gardens are just a few of the national institutions that stock the hand-made silver jewellery designed and made at Amanda Coleman. Corporate gifting is an area the company also specialises in, working to create bespoke designs individual to its clients.

www.amandacoleman.co.uk

Ascent Bath & Body

Ascent Bath & Body is an award winning small family business which creates a range of cruelty-free, vegan and themed bath and body products designed to elevate your bathing and self-care routines by immersing you in a story. All Ascent products are hand made in their workshop near Grimsby Docks.

www.ascenthandmade.com/

Autocraft Drivetrain Solutions

Who would have thought Europe's largest independent engine remanufacturer and assembler is on our doorstep in Lincolnshire, producing 20,000 engines every year? Grantham based Autocraft Drivetrain Solutions is also a leader in electric vehicle battery assembly and remanufacturing solutions, component machining and engineering services to the automotive manufacturing sector worldwide

www.autocraftsg.com

Bailey Trailers Ltd

Sleaford-based Bailey Trailers is the leading brand of agricultural trailers in the UK. Bailey's comprehensive range of trailers is sold and supported by a network of over 100 UK dealers; the company is also represented by dealerships throughout Scandinavia and in New Zealand.

www.baileytrailers.co.uk

Bennington Carriages

Bennington Carriages: a family-owned Lincolnshire business established for over 50 years that designs, manufactures and supports the world's finest horse-drawn carriages. Holding a Royal Warrant and exporting globally, Bennington Carriages has an unrivalled onsite and online showroom, provides expert training at its academy and is an active promoter of the sport of carriage driving.

www.benningtoncarriages.co.uk

Bennington Metal Furniture

Luxury furniture designed and hand-crafted by highly skilled craftspeople is the focus of this family-owned business based in Long Bennington. The combination of skilled metal craftsmanship, designer fabrics, glass and granite has resulted in a range of stylish furniture that will complement any home, conservatory, orangery or garden.

www.benningtonmetalfurniture.co.uk

Bernard Holmes Precision

An obsession with quality and efficiency has kept BHP ahead of the game for over 60 years. A family-run precision engineering company, BHP manufactures parts for demanding industries such as food machinery and hydraulics, from one-off prototypes to high-volume, high-precision machined components. Precision is the watchword at Bernard Holmes Precision!

www.bernardholmes.co.uk

BGB

Wind energy is big business, which is good news for Grantham-based manufacturer BGB whose primary business is supplying rotary slip ring products to the wind energy sector. The company's high-tech engineering solutions for service companies, distributors and original equipment manufacturers can be found in many other rotary applications worldwide.

www.bgbinnovation.com

Block Blitz

Offering multi-award-winning, eco-friendly paving treatments, Block Blitz is becoming a market leader in the outdoor cleaning sector. Designed and produced in Lincolnshire with sustainable manufacturing processes, the company's range of mineral and plant-based products is growing, and includes treatments to cover most outdoor surfaces for the domestic and commercial sectors.

<https://www.blockblitz.co.uk/>

Bottomley Distillers Ltd

Bottomley Distillers was the first modern commercial gin distillery to launch in Lincolnshire and its flagship product Pin Gin has been on the market since 2016. Bottomley's London Dry Gin has won awards around the world and the distillery offers a variety of flavoured gins such as Premium Pink and Valencian Orange.

www.bottomleydistillers.co.uk

Bradbury Group

For the manufacture and installation of industry-leading physical security solutions, turn to Bradbury Group. Founded in 1991 by Tim Strawson, the Scunthorpe-based family-run business is one of the nation's leading manufacturers, suppliers and installers of bespoke metal door sets, grilles, cages, kiosks, bar sets and crowd control gates.

www.bradbury-group.com

Bridge Violins

What do ELO, Paul Weller, Lana del Rey, Ellie Goulding, Mark Knopler, Goldfrapp and Elbow have in common? They have all performed with musicians playing electric bow-played instruments made by Bridge Violins! Sleaford-based Bridge celebrated 25 years in business in 2020 and has long since become a global brand.

www.bridgeviolins.co.uk

Cartwright Vehicle Conversions offers a range of converted vehicles for the commercial market, mobility, ambulance, police, temperature control and security sectors from its dedicated ISO9001 facility in Belton, North Lincolnshire.

www.cartwrightconversions.co.uk

Castlet Ltd

Castlet Ltd is an engineering manufacturing business with two divisions covering industrial and aerospace. The industrial division includes the design, manufacture and commissioning of control systems which are installed in 70 countries, while the aerospace division provides high-tech solutions and manufactures for a range of products including sophisticated air supplies, weapons simulators and battery chargers.

www.castletltd.com

Catch UK

If you're looking for industry training in process, energy, engineering and renewables, Catch UK is the place to start. Catch UK is a not-for-profit hub in Stallingborough, home to the National Centre for Process and Manufacturing, and offers industrial training courses, membership benefits, contractor competency and technical service consultants.

www.catchuk.org

Chafer Machinery

Building on more than a century of experience, Chafer Machinery has emerged from a series of multi-national owners to become one of the crop spraying industry's top brands. Chafer equipment offers outstanding performance and productivity in a range of trailed, demountable and self-propelled crop sprayers.

www.cropsprayers.com

Countryside Art

If you've ever bought a textile gift from a museum gift shop, there's a good chance it was made by Countryside Art. They are one of the country's leading manufacturers of quality tea towels, kitchen textiles and bags, featuring designs specific to all types of clients. Customers include the British Museum, the Royal Botanic Gardens at Kew and the National Trust.

www.countrysideart.co.uk

Creativity, Design and Production

An eco-friendly and sustainable business, Creativity, Design and Production supports festivals and events with creative interactive activities and games and supplies rustic outdoor furniture for all kinds of events. The company's products are sustainable and locally sourced and its designs are mindful of the environment. Everything is built with durability and longevity in mind.

www.creativitydp.co.uk

Designed for Dogs

Dog owners love to pamper their four-legged friends and Designed For Dogs helps them to do just that. A family-run dog bed and accessory manufacturing company based in the Lincolnshire Wolds, Designed for Dogs hand makes a range of beautiful dog bedding, blankets and toys and offers durable and practical beds for mucky pups at affordable prices.

designedfordogs.co

Dynex Semiconductor

In a world where electric power is the future, if you look beneath the surface of some of the world's leading rail and automobile systems as well as the networks of power generators you will find a little piece of Lincolnshire – thanks to semiconductors manufactured by Dynex Semiconductor.

www.dynexsemi.com

ebadges

A family-run company in Stamford has turned badges into a booming business with a global reach, partly by bringing manufacturing from India back to Lincolnshire. ebadges exports its button-making machines worldwide and also produces custom-made badges for its clients.

www.e-badges.net

Keyrings

Mirrors

Badges

Ed-Woods Lincs

Ed-Woods Lincs is a hand-made and hand-turned wooden craft business. Every single one of its items is made by hand using British timber – crafted, not manufactured, in Lincolnshire. Ed-Woods Lincs is one of the largest pin loom makers in the UK and its products are plastic free and long lasting.

www.edwoodslincs.com

EH Thorne (Beehives)

With bee populations under threat, beekeeping is becoming a popular pastime, and EH Thorne is proud to be the largest manufacturer and retailer of quality beekeeping equipment in the UK. Established in Wragby in 1913, it is a fourth-generation family firm based on its own 30-acre business park and employing more than 90 people.

www.thorne.co.uk

Emberton Imperial

From the foot of the Lincolnshire Wolds, Emberton Imperial manufactures new parts for classic cars and vintage tractors worldwide. The firm is known internationally for quality and attention to detail, and all British classic car marques – not to mention film studios – use Emberton's trim, heating, electrical and instrument parts to reinvigorate quintessentially British marques.

embertonimperial.com

EMI

Tucked away on a quiet country lane just outside Gainsborough is a company that helps maintain some of Britain's biggest power generators and distributors. From its unassuming rural location, EMI literally has a hand on the controls of electricity generation, the National Grid and nuclear energy amongst others.

www.eminst.co.uk

Eminox

A Queen's Award for Enterprise winner in the International Trade category, Eminox supplies to multinational manufacturers and operators worldwide. With manufacturing facilities in Gainsborough and Shanghai, the business designs and manufactures emissions reduction technologies to reduce air pollution from trucks, buses, construction equipment, trains and marine vessels.

www.eminox.com

Equidiet (UK)

When Sandra Murphy spotted a gap in the market for a natural fibre liquid feed for horses she took an Equine Sports Science degree at the University of Lincoln and founded Equidiet in 2014. Her brand has since grown and in 2018 she became only the ninth black woman to be granted a patent in the UK. Sandra was made a Black British Business Award Senior Leader in 2020. (Photo: Mountain Photography)

www.shop.equidiet.org.uk

Ethicoil Group

Ethicoil is a cooking oil company with a difference: it delivers a range of quality cooking oils for the food production and catering sector, and then collects the used oil to give it a second life in the production of biofuels. This method offers a reduction of over 90% in carbon emissions compared to traditional fossil fuels.

ethicoilgroup.com

Evacado

Our electric charging infrastructure is becoming increasingly important, and businesses like Evacado.co.uk in Cleethorpes are at the forefront of this new technology. Focusing on both residential charge points and pay-as-you-go chargers for businesses has helped Evacado to find its place in an increasingly competitive market.

<https://evacado.co.uk/>

Everlasting Love Resin

Everlasting Love Resin creates unique jewellery and flower preservation gifts, hand-made in Grimsby. Danielle Partington has been working with resin since 2016 to create cremation ash memorial jewellery and much more. Resin creates a solid glass-like material which enables precious inclusions to be preserved forever in bespoke and treasured products.

www.everlastingloveresin.co.uk

Farm Electronics

After more than half a century in business, Farm Electronics' reputation is built on quality, efficiency and performance. The company is the market leader in designing and manufacturing crop storage systems for potatoes, onions and other vegetables and grains. Farm Electronics specialises in refrigerated cooling, ventilation and automated electronic control systems for the agricultural industry.

www.farmelec.co.uk

Fen-Bay Services

Fen-Bay Services is one of the UK's leading providers of loading bay equipment, industrial doors, gates and barriers. Based in Welbourn, the company began as a small family concern but has grown to become one of the UK's leading product and service suppliers in the loading bay sector. It works with many of the UK's biggest retailers and manufacturers and installs products from Shetland to Italy.

www.fen-bayservices.co.uk

Ferry Ales Brewery

An award-winning family-run brewery based just outside Lincoln, Ferry Ales Brewery brews and sells craft beers in casks, kegs, bottles and the increasingly popular Bag-In-Box – an extremely cost-effective way of enjoying real ale at home. It also provides group brewery tours, Be a Brewer experience days and outside bars.

www.ferryalesbrewery.co.uk

Martin Lishman innovations use low-cost digital technologies to meet the challenge of reducing post-harvest food waste. Products are practical to use and often unique and have been introduced to the industry in response to the needs of customers.

www.martinlishman.com

Massingberd-Mundy Distillery

Established in 2019 by master distiller Tristan Jørgensen, Massingberd-Mundy Distillery uses locally sourced ingredients to produce some of the UK's best artisan gins. Winner of two Gin Guide Awards and a World Gin Awards 2021 national gold winner, the distillery's hand-crafted spirits include Marie Jeanne's Pink Gin and Burrell's Dry Gin.

www.southormsbyestate.co.uk/products/distillery

Massingberd-Mundy Lincoln Red Beef

Helping the original population of Lincolnshire's famous breed of cattle to recover from the risk of extinction, Massingberd-Mundy Lincoln Red Beef is 100% grass fed with Pasture for Life certification and Farm to Fork traceability. Hung for a minimum of 21 days before being expertly butchered, the beef is available online for home delivery.

www.southormsbyestate.co.uk/products/lincoln-red-beef

Mastenbroek

Boston-based Mastenbroek may fly the Dutch flag, but it is very much a locally owned company that has carved out a global reputation in the world of trenching. Mastenbroek designs and manufactures engineered trenching solutions and equipment for not only its traditional agricultural markets, but also for the utility and offshore sectors.

www.mastenbroek.com

Matthew Cox

Making furniture that stands the test of time is at the heart of Matthew Cox's work. Simplicity and purpose combine with rich, natural materials to give each piece an enduring quality. The company's customisable designs allow clients to co-create their furniture, giving each piece resonance and meaning for today's customer as well as future generations.

www.matthewcox.com

METIS Aerospace Ltd

METIS Aerospace Ltd provides signals intelligence products and services to commercial and military customers. The METIS SKYPERION passive radio frequency drone detection system is a proven capability that alerts an operator to the location of a drone and its controller. With an in-house R&D department, METIS is also able to manufacture and develop drone-borne sensor applications and associated AI software algorithms.

www.metisaerospace.com

Micrometric

Micrometric is an industry leader in the use of lasers to produce fine parts and precision components for its customers in the automotive, energy, medical device, food and drink, oil and gas and defence sectors. Micrometric provides both contract and sub-contract laser manufacturing services to produce high-quality fast turn-around components that are used by customers in several industries across the UK, Europe and America.

www.micrometric.co.uk

Micronclean

Micronclean's passion is to be the first to develop new technological solutions that change the shape of the markets it serves, creating quality and efficiency for its customers. The company can supply laundered workwear throughout the UK and cleanroom consumables around the world.

www.micronclean.com

MTAG Composites

MTAG Composites is one of the larger manufacturers of glass and carbon fibre composites in the UK and produces components for the rail, aerospace, marine, automotive, motorsport and leisure sectors, manufacturing train interiors, aircraft seating, flotation pods, sports car bodywork and sailing craft amongst others.

www.mtagcomposites.com

Myenergi Ltd

Myenergi was founded in 2016 in Grimsby. The company identified a gap in the market whereby solar power could be used more sustainably at home and created a range of versatile products that can lower an individual's carbon footprint. Now a household name, myenergi is recognised for enabling a more sustainable lifestyle.
